

2022 U-pick Guidelines at Lindberg's Blueberries

Our goal is to provide a safe and enjoyable U-Pick experience, including all necessary field supplies. A unisex restroom is also available.

Upon arriving, go directly to the U-Pick station to obtain your picking supplies. Here you will decide how many buckets will be needed for you and your party. Each bucket will contain a liner, which will serve as a takeaway container for your picked berries. It will hold about seven pounds, or about three quarts of blueberries. If you prefer a smaller quantity, a three-pound bucket is also available. The quality of the blueberries will be the best if you do not overfill a bucket, which also increases the risk of spilling. Picking ropes are available in all sizes.

After you decide on the amount of berries that you and your party wish to pick, you will pay and then the farm staff will provide the buckets. The price for the standard size bucket is \$12.00 and the three pound-size is \$7.00. We continue to accept credit card, cash, or check for payment.

You will be directed by farm staff to a picking location. There will also be signage in the field to assist you find a good picking spot, including a marked path and numbered white markers that will identify the rows of ripe berries. It is important that you and your party stay together. To comply with food safety rules, there are no pets or food items/drinking/eating allowed in the u-pick fields.

When you have finished picking, there will be an identified outdoor table to leave your empty picking bucket and rope. Remove your plastic liner, then take your delicious fruit to your vehicle and you're on your way. We hope you enjoyed your visit!!
